Table S1. Patient satisfaction questionnaire for upper removable denture.

Patient Satisfaction with Upper Removable Denture
1. How satisfied are you with your upper denture?
2. How secure is your upper denture? (be mindful of downward movement)
3. How stable is your upper denture? (be mindful of horizontal movement)
4. How good is the loadability of your upper denture? Consider when you close tightly.
5. When you think about speaking, how satisfied are you with your upper denture?
6. When you think about eating, how satisfied are you with your upper denture?
7. When you think about your appearance, how satisfied are you with your upper denture?
8. When you think about the cleanability, how satisfied are you with your upper denture?

Table S2. Patient satisfaction questionnaire for lower removable denture.

Patient Satisfaction with Lower Removable Denture
1. How satisfied are you with your lower denture?
2. How secure is your lower denture? (be mindful of upward movement)
3. How stable is your lower denture? (be mindful of horizontal movement)
4. How good is the loadability of your lower denture? Consider when you close tightly.
5. When you think about speaking, how satisfied are you with your lower denture?
6. When you think about eating, how satisfied are you with your lower denture?
7. When you think about your appearance, how satisfied are you with your lower denture?
8. When you think about the cleanability, how satisfied are you with your lower denture?
